

APPENDIX G

Status / As-built Report for Mitigation Work Completion for RGP-4

Within one (1) year or earlier as indicated on this form, of the date of your RGP verification letter, submit this completed form to: U.S. Army Corps of Engineers, Regulatory Branch, P.O. Box 3755, Seattle, WA 98124-3755. For riparian planting mitigation, you must complete and submit Appendix F of RGP-4 annually after the Corps accepts your as-built drawings of the mitigation construction.

Corps Reference Number: _____

Date the Corps Issued Your Permit: _____

Date this Report is Due: _____

Your Name: _____

Your Address: _____

Your City/State/Zip Code: _____

Check the authorized mitigation activity performed and include the required attachments:

- Mitigation option “a”; Pier width is 4 feet or less
Attachment: Photos of the as-built structure showing the pier width
- Mitigation option “b”; Installation of grating
Attachment: Photos of the as-built structure showing the grating
- Mitigation option “c”; Riparian plantings
Attachment: Photographs of the mitigation area (preferably taken during June – August).

Conditions of your Corps permit require 100% survival of all planted trees and shrubs during the first and second years after planting. During the third through fifth years after planting, 80% survival is required. Individual plants that die must be replaced with native species listed in RGP-4. You must protect your mitigation area—fencing is recommended.

Date of Installation	Species name of Plants	Number of Plants Installed

- Mitigation option “d”; installation of large woody material
Attachments: Photographic documentation showing installation of LWM
 Latitude, longitude and elevation of LWM
- Mitigation option “e”; Use of In-lieu fee program or mitigation bank
Attachment: Documentation showing completion of transaction (submit 60 days from the date of your RGP-4 verification letter)
- Mitigation option “f”; Other Corps-approved mitigation: _____
Date completed: _____
