**ERRATUM:** This erratum corrects the expiration date on a U.S. Army Corps of Engineers Public Notice (Number NWS-2011-346) advertising a proposal by Bonneville Power Administration (BPA) to build a new 500-kilovolt (kV) transmission line that would extend approximately 79.8 miles between two new substations that would be built near Castle Rock, Washington, and Troutdale, Oregon. The Public Notice date was January 4, 2013, and the expiration date was March 1, 2013. To provide additional public comment opportunity, the Corps is extending the comment period expiration date to March 25, 2013. The corrected information is as follows:

Publication date: January 4, 2013  
Comment expiration date: March 25, 2013

All other information shown on Public Notice Number NWS-2011-346 remains unchanged.
