Public Notice Date: June 17, 2016

ANNOUNCEMENT: The Regulatory Branch of the U.S. Army Corps of Engineers, Seattle District (Corps) issues public notices (PN) soliciting public comments on proposed projects requiring standard individual permits (SIP) issued by the Department of the Army, also known as Corps permits. We are updating our list of individuals and organizations interested in receiving notification of Regulatory Branch SIP PNs.

PROCEDURES: Electronic versions of PNs will be emailed, as an attachment, to those individuals and organizations who request to be on our electronic mailing list(s) and the PNs will also be available on the Seattle District's web page at <http://www.nws.usace.army.mil/>.

We will continue to provide notice of availability of PNs to property owners adjacent to proposed projects subject to SIPs and individuals who do not have access to the internet or email by a postcard through the U.S. mail. Paper copies of full PNs can be provided upon request.

PN mailing lists for proposed projects are organized by Washington State counties. We can notify you of proposed projects subject to SIPs in any or all Washington State counties. We also maintain a Special Public Notice mailing list for Regulatory Program updates concerning regulations, policies, and procedures.

As we update our mailing lists, we are looking for the following replies to this Special Public Notice:

- For recipients of email notifications: Let us know if you would like to *change* your notification request list. Please see the attached form which lists regions and types of PNs you can request. Also, please ensure that your email account will accept our emails (i.e., not subject to SPAM blockers, require verification, etc.). If we receive returned emails as undeliverable, your email address will be deleted from our mailing list(s).
- For recipients of postcard notification (also known as hard copies) of PNs: Confirm that you would like to continue to receive postcards. Those who do not confirm within 30 days from the date of this Special Public Notice will be removed from our mailing list(s).

- Update contact information.
- Request to be added to our mailing list(s).

We strongly encourage those that are currently receiving hard copies to send us your email address to receive electronic copies of Corps PNs. This is a more efficient process which saves time and resources.

FINAL ANNOUNCEMENT: If you know of anyone not receiving this Special Public Notice, who would be interested in receiving our public notices, please share this Special Public Notice with them or forward them to our webpage at <http://www.nws.usace.army.mil/Missions/CivilWorks/Regulatory/Public-Notices/> where they may obtain a copy of this document and attached form. The form is pre-addressed but you will have to add postage.
