

Purpose

The objective of the Long Term Management Study is to identify the most cost-effective and environmentally sound strategy to operate and maintain the federal navigation project in Grays Harbor. The Corps will continue to operate and maintain a safe navigation channel. The Corps' goal is to make the best use of federal navigation funds in maintaining and protecting the federal navigation project features.

Grays Harbor Long Term Management Strategy

The next public meeting is Jan. 21 at the Port of Grays Harbor Meeting room in Aberdeen, Wash. The meeting begins at 4 p.m.
