Pocatello, Idaho

All interested area residents and landowners are invited to this public information meeting on the U.S. Army Corps of Engineers' Military Munitions Response Program's upcoming Site Investigation of the former Pocatello Ground Gunnery Range located some 10 miles northwest of Pocatello. Over the next few months, the Corps will evaluate the range under the Formerly Used Defense Sites (FUDS) program. Work will include a visual inspection of the property that was part of the former range, and may include soil and/or water sampling. The Corps will use the results of the investigation to determine if future work is needed to clean up any residual munitions of concern or munitions-related components used at the range. For more information, please contact Rodney Taie, Project Manager, at (206) 764-3498 or by e-mail at [rodney.r.taie@nws02.usace.army.mil](mailto:rodney.r.taie@nws02.usace.army.mil).
