MILITARY DIVISION, STATE OF IDAHO

4040 W. GUARD STREET, BLDG 602  
BOISE, IDAHO 83705-5004

DIRK KEMPTHORNE  
GOVERNOR

May 19, 2006

THE ADJUTANT GENERAL  
LAWRENCE F. LAFRENZ

Colonel Debra Lewis, Commander  
US Army Engineer District  
PO Box 3755  
Seattle, WA 98124-3755

Dear Colonel Lewis:

As the Governor's Authorized Representative, I am requesting Advance Measures Assistance from the U.S. Army Corps of Engineers Seattle District to assist Boundary County with the imminent threat of flooding along the Moyie River. The River is forecast to reach flood stage this weekend. The County and State of Idaho specifically need technical assistance for flood fight action planning, construction of temporary flood control works, and assistance with emergency flood work.

We understand that USACE personnel are already on site awaiting this request for your authorization to begin, and we appreciate your proactive response.

Governor Kempthorne has issued a Disaster Proclamation in accordance with Section 46-1008 of the Idaho Code in order to support the response of local governments with state resources. Boundary County has issued a Disaster Proclamation in order to respond to this situation and has requested State assistance in securing your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read 'L. Lafrenz', written over a circular stamp.

LAWRENCE F. LAFRENZ  
Major General  
Commanding General

Appendix F

**RESOLUTION #2006-10**

**RESOLUTION TO CONTINUE DISASTER EMERGENCY DECLARATION  
KOOTENAI RIVER FLOODING**

**WHEREAS**, a disaster emergency was declared by Mayor Kerby on May 19, 2006 due to the rising Kootenai River near Bonners Ferry, Boundary County, Idaho causing eminent threat of flooding, and

**WHEREAS**, the high river level and the possibility of higher water caused by the filling of Kootenai Lake and high runoff from the Moyie River and the Yeak River downstream of the Libby Dam is attributing to the flooding, and

**WHEREAS**, there is visible undercutting and damage to the levees protecting the area surrounding Bonners Ferry, and

**WHEREAS**, the north side levee which protects a residential area in Bonners Ferry; the Bonners Ferry sewage treatment plant that services the City of Bonners Ferry as well as South Hill Water and Sewer District and the North Water and Sewer District; and the natural gas transmission line, is in imminent danger from high flood waters, and

**WHEREAS**, the City of Bonners Ferry has exceeded its ability and resources to provide adequate flood fighting efforts and levee repair, and

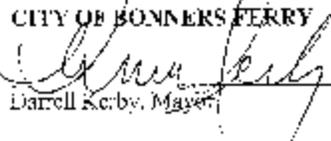

**WHEREAS**, the State of Idaho has declared a statewide disaster declaration for flooding, and

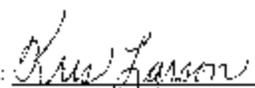

**WHEREAS**, the request is being made with the endorsement of the State of Idaho for the Army Corps of Engineers to aid the City of Bonners Ferry in flood fighting,

**NOW THEREFORE**, be it resolved by the Council of the City of Bonners Ferry, that the disaster emergency declaration be continued within the City of Bonners Ferry, Boundary County, Idaho, to protect the citizens from existing imminent danger.

Dated this 23rd day of May, 2006.

U.S. Army Corps of Engineers  
Attn: Doug Weber  
P.O. Box 3755  
Seattle, Washington 98124

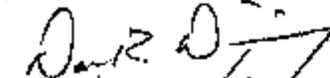

Dear Mr. Weber:

Boundary County is requesting an evaluation of the current dike system regarding the following described area of the Kootenai Valley, Drainage Districts one through 16, in an effort to join the Corps' maintenance program.

Could you, at the same time, furnish Commissioners with the elevation of the dikes at Bonners Ferry that would protect the county on a 100 and 200 year event? The contact person for the county will be Commissioner Dan Dinning.

Sincerely,

  
Ronald R. Smith, Chairman
