

Appendix P. **Emergency Preparedness Efforts.**

1. Flood Fight Systems/Sandbags/Plastic. The District currently has nearly 600,000 sandbags stockpiled through out the District, following the distribution of some 80,000 bags during this event. The bags are believed to be in satisfactory condition. The District also has 1900 rolls of 4-mil, and 390 rolls of 6-mil plastic stockpiled through out the District. Funds have been received to test, rotate and replenish remote stockpiles from our central warehouse.
2. Pumps. The District has nine trailer mounted centrifugal pumps, seven 12 inch and two 8 inch. All pumps are in satisfactory working condition. Funds have been received to test and maintain. None were used during this event.
