Mission Statements

Northwestern Division Mission:

The Northwestern Division provides engineering services and **stewardship of existing water resource infrastructure, conducts water resources development, military construction, environmental protection and restoration,** and emergency response operations within our assigned areas of operations to serve the Army and the Nation. On order, the Northwestern Division provides Field Force Engineering services to deployed forces or other USACE elements.

Seattle District Mission:

Provide service to the Armed Forces and a Nation at peace or war by designing, constructing, **operating,** and permitting military / **civil works infrastructure** and projects that **build the Nation's military and long term economic might in an environmentally sustainable way.** On order, execute Emergency Operations in support of local, state and federal agencies.
