Regulatory Overview and Complete Application Outreach Events

ANNOUNCEMENT: The U.S. Army Corps of Engineers, Regulatory Branch, Southwest Washington Field Office (Corps) will be sponsoring free comprehensive outreach events open to the public. These events are intended to foster and facilitate efficient and effective working relationships with the public, applicants, consultants, local municipalities, and agencies. Each event will provide a thorough understanding/refresher of the Corps Regulatory Program processes and application requirements for authorizations under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act of 1899. The Corps' Project Managers for each respective County will be available for follow-up questions and discussion as time allows.

Topics to be covered include: Permitting Authorities & Jurisdiction, Permits & Authorizations, Application Submittal and Completeness (Nationwide Permits and Individual Permits), Review Process, Project Drawings, Common Application Mistakes.

Due to limited space, registration is required. Please RSVP to evan.g.carnes@usace.army.mil
