Sec. T. R.

Provide profile view site-specific drawings for detailed review, including:

- Existing and proposed conditions along the shoreline at your project location
- Distances landward and waterward of proposed shore protection to existing water line
- Length (ft), volume (cu yd) and type (i.e., field stone, angular rock, etc.) of fill
- Locations of soil fabrics, soil erosion and sedimentation control measures
- Water level (OHW, MHW, High Tide Line) and date of observation and/or datum
