  ☐ An artificial lake or pond created by excavating and/or diking dry land to collect and retain water and which are used exclusively for such purposes as stock watering, irrigation, settling basins, or rice growing
  ☐ An artificial reflecting or swimming pool or other small ornamental body of water created by excavating and/or diking dry land to retain water for primarily aesthetic reasons
  ☒ A waterfilled depression created in dry land incidental to construction activity and pits excavated in dry land for the purpose of obtaining fill, sand, or gravel unless and until the construction or excavation operation is abandoned and the resulting body of water meets the definition of waters of the U.S.
